

Who?

Association of Compost Producers

Blueprint

Why? *Because ...*

We all want to live in an ever-better world that has:

- *healthy food* for all, grown on
- *healthy soil* with abundant *clean water*, creating
- *healthy communities* with *clean air & global cooling*

How

- We are industrious people who *build healthy soil* for our communities by **composting** all your recycled organics, and delivering it to you
- We are making *ever higher quality compost*

What

We produce abundant **quality compost** that *feeds our soil*, *builds our local economy*, and *enhances our ...*

Farmlands: healthy food, fiber, feed & flowers

Landscapes: more beautiful, water efficient & enhance water quality

Green Infrastructure: enlivening our cities

Natural & working lands: supporting all life
