

## ACP COMPOST PRODUCERS LIST

### WHY YOU SHOULD USE AN ACP COMPOST PRODUCER

- Local to your region
- Professional customer service
- Education and outreach experts
- High quality compost producers

### ACP COMPOST PRODUCERS PROVIDE QUALITY COMPOST

**What is “Quality Compost”?** The USCC Seal of Testing Assurance (STA) program is a compost testing, labeling and information disclosure program. Buying [STA Certified Compost](#) means;

- 1) You will be buying compost from a legally [permitted compost facility](#).
- 2) Compost is tested at an STA Certified Lab.
- 3) Each lab uses approved Test Method for Examination of Composting and Compost ([TMECC](#))
- 4) Each certified lab participates in the STA lab proficiency program.
- 5) You will receive a compost analysis that is uniform and easily comparable too other Certified Compost products with a uniform Compost Technical Data Sheet (CTDS).

### Key Benefits of Compost

- SOURCE OF KEY NUTRIENTS TO SUPPORT PLANT AND SOIL HEALTH
- WATER RETENTION CAPABILITIES TO DECREASE WATER USE AND RUNOFF
- EFFECTIVE SOIL EROSION MANAGEMENT PRACTICE

**ACP can help solve your SB1383 compost procurement challenges!**
